

NEO JEDRICK BELOLO

ASPIRING FULL-STACK WEB DEVELOPER

Neojedrick@gmail.com +63 920 613 0855 Binan City, Laguna github.com/kad3nc3

PROFESSIONAL SUMMARY

Third-year BS Information Technology student specializing in Web and Mobile Applications, with hands-on academic experience in responsive interfaces, programming fundamentals, and database-backed applications. Building practical full-stack projects with React and Python/Flask. Seeking a web development internship where I can contribute carefully, learn from experienced engineers, and grow through real product work.

TECHNICAL SKILLS

Frontend	HTML, CSS, JavaScript, React, Tailwind CSS, responsive design
Backend	Python, Flask, REST API fundamentals, PHP fundamentals
Programming	Java, C++, object-oriented programming fundamentals
Mobile & Data	Dart, Flutter, Kotlin basics, MySQL fundamentals
Tools	Git, GitHub, Visual Studio Code, Android Studio

FEATURED PROJECT

Full-Stack Developer Portfolio

2026

Personal project | Source profile: github.com/kad3nc3

- Built a responsive single-page portfolio in React and Tailwind CSS with reusable sections, mobile navigation, and accessible interaction patterns.
- Added scroll-based Framer Motion transitions with reduced-motion support to keep the experience polished without compromising accessibility.
- Developed a Flask contact API with server-side validation, anti-spam handling, SMTP delivery, safe error responses, and automated tests.
- Structured the frontend and backend as a documented monorepo that can be run locally and published to GitHub without committing credentials.

React | JavaScript | Tailwind CSS | Framer Motion | Python | Flask | Pytest | Vitest

RELEVANT ACADEMIC EXPERIENCE

Web & Database Foundations

- Created responsive web pages with HTML and CSS for coursework.
- Applied PHP and MySQL fundamentals to basic server-side logic, database design, and queries.

Mobile Application Foundations

- Built an academic mobile application using Dart and Flutter.
- Implemented interface layouts, navigation, and basic application functionality.

EDUCATION

FEU Alabang

2023 - Present

Bachelor of Science in Information Technology | Specialization in Web and Mobile Applications
